

CAPSA is a nonprofit domestic violence, sexual abuse, and rape recovery center. We have developed the Building Hope Marketplace as a way to generate funds by selling new donated products which will fund current services and new programs. Because products are donated, you know 100% of the profits support domestic violence and sexual abuse support services. #BuildingHopeToo

TruBeauty donated over 90,000 Pro Metallic Makeup Brushes as part of their mission to empower women. This is our first major donation and is the catalyst for the Building Hope Marketplace.

We are looking for Beauty Influencers to help promote these brushes and make the Marketplace successful. The more we sell, the more we can help.

TruBeauty Pro Metallic Makeup Brushes are high quality, cruelty free, ethically sourced, and available in four styles:

- Flat Contour
- Rounded Powder
- Tapered Foundation
- Precision Blush

Each brush comes in Gold, Rose Gold, and Silver.

The more we sell, the more we can help, so please include our Amazon links - product links & info at capsa.org/buildinghope

ABUSE ENDS HERE.

Domestic Violence is a national problem impacting millions each year. CAPSA is part of a national network of nonprofit support centers.

Each year CAPSA serves more than a 1,000 women, children, and men who are fleeing abuse, healing from the associated traumas, and building new lives.

With your support, the Building Hope Marketplace will allow CAPSA to help more women, children, and men impacted by abuse
